

Your Family Disaster Supplies & Preparedness Calendar

The Family Disaster Supplies & Preparedness Calendar is intended to help you take appropriate preparedness actions and create a 3–7 day disaster supply kit before the next emergency happens. Using the calendar, your family can assemble an emergency kit in small steps over a six month period. Check off each of the items you collect or the actions you take during the week. Supplies may be stored all together in a large plastic garbage can with wheels, putting the heavy items at the bottom. When medical supplies, flashlights and emergency items are placed near the top, they can be located quickly for inspecting and restocking. Remember to rotate your perishable supplies and change water every six months. **Review this calendar every six months.** For example, each time you change your clock, review this list.

Note: You should store 1–2 gallons of water per person for each day. This water is for consumption and sanitation. For this reason the calendar repeats the need to purchase water several times.

MONTH ONE

Week One	Week Two	Week Three	Week Four
<ul style="list-style-type: none"> <input type="checkbox"/> 1 gallon of water* <input type="checkbox"/> 1 jar peanut butter* <input type="checkbox"/> 1 large can juice* <input type="checkbox"/> hand-operated can opener <input type="checkbox"/> instant coffee, tea, powdered soft drinks <input type="checkbox"/> permanent marking pen to mark date on cans & bottled water <input type="checkbox"/> 1 gallon of water for each pet <p>Also: pet food, diapers, and/or baby food if needed.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> crescent wrench <input type="checkbox"/> heavy rope <input type="checkbox"/> duct tape <input type="checkbox"/> 2 flashlights with batteries <input type="checkbox"/> bungee cords <input type="checkbox"/> water proof matches 	<ul style="list-style-type: none"> <input type="checkbox"/> 1 gallon of water* <input type="checkbox"/> 1 can meat* <input type="checkbox"/> 1 can fruit* <input type="checkbox"/> sanitary napkins <input type="checkbox"/> video tape <input type="checkbox"/> 1 gallon of water for each pet <p>Also: pet food, diapers, and/or baby food if needed.</p>	<ul style="list-style-type: none"> <input type="checkbox"/> plumber's tape <input type="checkbox"/> crow bar <input type="checkbox"/> smoke detector with battery <input type="checkbox"/> tarp <p>Also: extra medications or prescription marked "emergency use," if needed</p>
<ul style="list-style-type: none"> <input type="checkbox"/> Establish an out-of-state contact to call in case of disaster. <input type="checkbox"/> Prepare a list of important phone numbers: out-of-state contact, physicians, veterinarian, family, creditors, insurance, etc. <input type="checkbox"/> Make a family plan. Follow the information from the Workbook or Red Cross brochures. 	<ul style="list-style-type: none"> <input type="checkbox"/> Check your house for hazards. Follow the Reduce Hazards Booklet or Red Cross brochures. <input type="checkbox"/> Identify which hazards you will reduce first. <input type="checkbox"/> Locate your gas meter and water shutoffs and attach the proper tool near each. <input type="checkbox"/> Obtain a collar-tag or microchip for your pet for emergency identification 	<ul style="list-style-type: none"> <input type="checkbox"/> Use a video camera to tape the contents of your home for insurance purposes. <input type="checkbox"/> Store video tape with friend/family member who lives out of town. <input type="checkbox"/> Investigate home/ rental insurance. <input type="checkbox"/> Date each can of food using a marking pen. 	<ul style="list-style-type: none"> <input type="checkbox"/> Install or test your smoke/ fire/carbon monoxide detector. Replace batteries. <input type="checkbox"/> Tie water heater to wall studs. Follow the diagrams in the Reduce Hazards booklet.

Create a Family Disaster Supplies Kit

Review suggestions in the Emergency Preparedness Workbook.

Check your house for supplies that you already have on hand.

Decide where to store supplies (food may be packed together in a single container or kept on shelves for easy rotation).

Discuss the types of disasters that could occur. Explain how to prepare and how to respond.

Discuss what to do if you need to evacuate.

Practice your plan.

At the end of six months, review what you have done. Start with month one of the calendar. Evaluate, rotate and supplement supplies and preparedness actions.

Select foods by your family's needs and preferences. Pick low-salt, water-packed varieties if possible.

Canned Meat: tuna, chicken, raviolis, chili, beef stew, spam, corned beef, etc.

Vegetables: green beans, kernel corn, peas, beets, kidney beans, carrots, etc.

Fruit: pears, peaches, mandarin oranges, apple sauce, etc.

Cereal: Cheerios, Chex, Kix, Shredded Wheat, etc.

Quick Energy Snacks: granola bars, raisins, etc.

Keep food in dry, cool spot - dark area if possible.

Keep food covered at all times.

If you open food boxes or cans, do so carefully, so that you can close them tightly after each use.

Wrap cookies or crackers in a plastic bag and inside a tight container.

Empty opened packages of sugar, dried fruits and nuts into screw-top jars or air tight cans to protect them from pests.

Inspect all food for signs of spoilage before use.

Use foods before they go bad, and replace them with fresh supplies.

Mark all foods with purchase date. Use ink or a marking pen. Place new items at the back/bottom of the storage area/container, and older ones in front.

- powdered milk (box)
- dried fruit (in air tight container)
- dry, crisp crackers (in air tight container)
- potatoes
- water
- bleach

- canned condensed milk and vegetable soups
- canned fruits, fruit juices and vegetables
- ready to eat cereals and uncooked instant cereals (in air tight container)
- peanut butter
- jelly
- hard candy and canned meats
- vitamin C
- water in manufactured sealed container

- wheat
- vegetable oil
- dried corn
- baking powder
- soybeans
- instant coffee, tea and cocoa
- salt
- noncarbonated soft drinks
- white rice
- bouillon products
- dry pasta
- powdered milk (nitrogen-packed)

*Use or replace these items at the suggested time.
